

Application process now open for the National Dental Nurse Training Programme of Ireland

This 16 month training programme has been specifically designed to meet the needs of the general dental community. Successful completion of this programme, commencing September 2012, will lead to a Diploma in Dental Nursing (Trinity College Dublin) and will permit entry onto the Voluntary Dental Council Register for Dental Nurses in Ireland.

This programme offers an opportunity to those currently employed as Dental Nurses to achieve a formal award. It is modular in design and delivery will be supported by video-conferencing and distance learning methods. The programme will be offered in Dublin, Cork, Galway, Waterford, Tralee and Limerick (regional centres will be available pending the required number of students applying for these centres).

Application forms and course outline can be obtained from <http://dentalnurse.learnonline.ie>
